Continuation oneer (r 10-410D)

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner indicated that while claims 13-20 are allowable, claims 1-12 are not and the rejection under 35 U.S.C. 102(b) as anticipated by U.S. Patent No. 6,080,425 to MILJKOVIC would be maintained for the reasons of record as set forth in the Office Action dated November 20, 2002. To advance the present application to allowance, Applicant's Representative agreed to an Examiner's Amendment cancelling claims 1-12. Further, the Examiner indicated that the dependency of claim 18 inappropriately references claim 13, rather than claim 17. Applicant's Representative agreed to an Examiner's Amendment to correct the dependency.
